# Our Process

Want to introduce the perfect plantscape into your space?  
It's as easy as 1, 2, 3!

We'll visit your space and create a **customized plant scheme** tailored to your requirements.

Once you approve, we will install your new plants **on your schedule**.

Afterward, Our plant experts will make regular visits to **keep your plants thriving**.

LIVING WALL EXPERTS

## vertical plantings

Living walls provide a modern way to add lively greenery without sacrificing valuable floor space, regardless of area size.

## preserved & moss

Preserved options are perfect for low-light areas, made from naturally preserved plants that require minimal maintenance.

## the certified choice

Green Oak is Mississippi's only certified expert in living walls, bringing innovative vertical greenery to any space.

## Our Team

For over 60 years, Green Oak has been Jackson's plant people, driven by passion and expertise in everything we do. Our dedicated client managers and seasoned horticulturists ensure our plants and our customers always come first.
